Entry requirements for France

New regulations have been issued by the French government, which became effective on the 4th of December 2021. South Africa has been placed on the 'Scarlet Red' country list. The entry and exit regulations for France are listed in the table below. Passengers in transit in France must check all entry/exit regulations for their final destination country at www.airfrance.traveldoc.aero.

	Proof of vaccination	Compelling reason to travel	Test required before boarding first flight	Test required on arrival	Quarantine on arrival
Travel TO South Africa	With or without proof of vaccination	Permission to exit France is subject to the list of compelling reasons of 'Scarlet Red' countries applicable to the country of destination. This does not apply to passengers in transit via France.	Passengers aged 5 years and older travelling to or transiting via South Africa must hold a negative PCR test < 72h prior to arrival. They must also complete a health form.	Not required for South Africa (No <u>additional</u> test will be done on arrival)	Not required for South Africa.
Travel FROM South Africa	With or without proof of vaccination	Subject to the list of compelling reasons of 'Scarlet Red' countries to enter France. This does not apply to passengers in transit via France.	All passengers must be in possession of: A negative PCR test < 48h before boarding the first flight OR a negative antigen < 24h before boarding the first flight. This does not apply to passengers in transit via France	Systematic PCR or Antigen test on arrival in France	Mandatory 10- day quarantine monitored by the Authorities.

In addition, all passengers must complete a 'Statement of honour' form:

<https://mobile.interieur.gouv.fr/Actualites/L-actu-du-Ministere/Certificate-of-international-travel>

Please select 'Travel to/from Scarlet Red country list' then choose either the 'You wish to leave Metropolitan France' section or the 'You wish to enter Metropolitan France' section.

Health and safety on board

Since the onset of the pandemic, Air France – KLM have adopted a series of measures to keep both passengers and crew as safe as possible.

- Wearing facial protection during boarding and flight is mandatory for Air France - KLM passengers. Cabin crew will of course also wear facial protection. On Air France flights, surgical masks are mandatory. Cloth masks are not permitted.
- Our on board service is adapted to limit the contact between passengers and our cabin crew as much as possible.
- All our aircrafts are thoroughly cleaned and sanitized with approved disinfectants at least every 24 hours.
