Cape Town, February 2023

CAPE TOWN'S WATERFRONT DISTRICT HOSTS ICONIC FORMULA E WORLD CHAMPIONSHIP

CAPE TOWN, 09 February 2023: In a few short weeks the world's premier all-electric race car event, the ABB FIA Formula E World Championship is set to take place in Cape Town and take the Mother City - specifically, the Waterfront District where it will be held - by storm.

Cape Town will welcome motorsport enthusiasts, media, race car drivers and fans from across the world to witness the event. This particular leg of the race was previously set to be held in Seoul, Korea, before organisers decided on one of the world's most beautiful cities, Cape Town.

The racetrack for the event will essentially use closed-off public roads in the area with Radisson Blu Hotel Waterfront falling within those parameters. As such entry and exit to and from the property to be closed off to the public from 23 to 26 February 2023, and only guests at the hotel will be allowed entry via a scheduled shuttle service.

Road closures begin on 23 February 2023 in preparation for scheduled race practice on 24 February 2023 and the main event on 25 February 2023.

Radisson Blu Hotel Waterfront's Guest Relations Manager, Nicol Carelse has been in extensive talks with the City of Cape Town, saying "As representatives of the Radisson Hotel Group, we stand firm in our commitment to supporting sustainability and conservation. As a group we are dedicated to being net zero by 2050. We are, therefore, thrilled that this event is happening in the Mother City and we are putting steps in place to ensure that our guests are not inconvenienced by it".

New and expected guests, as well as staff, have been informed of the road closures and the arrangements for the days of the event. Additionally, it should be noted that this will be a low sound-pollution racing event.

Should Radisson Blu Hotel Waterfront guests need any further information about the logistics of the transportation and shuttle service, please contact: nicol.carelse@radissonblu.com or 021 441 3000.
