

A STAR ALLIANCE MEMBER

TURKEY

(ARRIVAL CONDITIONS)

Dear partners in travel,

Turkish Airlines in Cape Town has received the exciting & long-awaited news that, with effect from Monday, 15 November 2021, travellers from South Africa may enter Turkey!

Turkish Airlines flights are being operated from CPT & JNB, please confirm flight dates & times in your GDS.

NB! As a result of this wonderful news, STPC for travellers from SA is now available.

Please take note of Turkey's arrival conditions for passengers from South Africa in the attached document..

MANY THANKS!

- Starting from **15 November 2021**, passengers from South Africa, or who have been in South Africa in the last 14 days, may be accepted by Turkish Airlines for travel to Turkey from South Africa provided they submit a **negative PCR** test taken within **72 hours of arrival** in Turkey.
- Moreover, these passengers shall be exempt from the application of quarantine if they;
 1. Submit a negative PCR test taken within a maximum of 72 hours before arrival in Turkey.
 2. and, documented proof that they have received a minimum of 2 doses of vaccine approved by **WHO** (1 dose of Johnson & Johnson) - a minimum of 14 days must have passed since receiving the 2nd dose.
 3. Passengers under the age of 12 years are exempt from submitting a PCR test.
 4. Passengers between the ages of 12 & 18 years who are not vaccinated, must be tested (PCR) at their residence.
 - a) *If the result is negative, they do not need to quarantine.*
 - b) *If they are tested positive, they will have to quarantine as per below terms.*
- Passengers who cannot provide vaccination documents must enter quarantine for 14 days at their place of residence or an address that they declare.
 1. This period of quarantine will be terminated subject to the individual providing a negative PCR test taken on the 10th day of quarantine.
 2. Individuals who do not provide a negative PCR test on the 10th day of quarantine must complete the full 14 days of quarantine.

NB! Unvaccinated passengers must still provide a negative PCR test taken within 72 hours of arrival in Turkey in order to be accepted to travel to Turkey!

***NB!** *Please take note of the regular Immigration requirements to enter Turkey, i.e. passport & visa*
