# Easy Instructions for Online Visa Application for Uganda

### Before you begin the online application do the following:

- Have the following documents handy: passport, yellow fever card, passport size photo, invitation letter or a letter stating purpose of visit (varies depending on purpose of visit) and return ticket. For full list of requirements and fees, type this URL into your browser: https://visas.immigration.go.ug/#/help/visa

- Take a photo of each of these documents with your smartphone and email them to yourself from your phone.

- Download the images from your email to your computer, so you can easily attach them during the application process.

- Note: All images must be 250kb or smaller. You can adjust the image size by opening the image, exporting it as a jpg and adjusting the quality until you get under 250kb (see screenshot below.

NOTE: If you get an error stating that the site will not accept the number of days you are visiting, just retype the response to that question and try again. You may have to make three - five attempts on that question and then it just eventually accepts it. Persistence pays. If you continue to try and you cannot get it to accept the precise # of days you are staying, up the # of days by a few days and try again. When you get to Uganda, they will ask you again how many days you are staying and you can give them the correct # of days.

After clicking NEXT STEP, you will be asked to upload images of your passport bio page, yellow fever card and passport size photo, invitation letter or a letter stating purpose of visit (varies depending on purpose of visit) and return ticket. Upload these images from your computer and submit. You will then be given a confirmation # and a message that you will receive feedback via email.

You will get an email immediately stating that your application has been received. This email will also provide instructions for making an online payment of \$50 USD (depending on the type of Visa you are applying for).
