Fully vaccinated against COVID-19 through an approved vaccination programme?

If you declare fully vaccinated status on your UK Passenger Locator Form, you'll need to present an approved paper or digital vaccine certificate.

The proof you use will depend on where your vaccine(s) were administered.

For all the latest details of UK-approved vaccines and recognised countries, you must visit GOV.UK.

Some of the most common vaccine certificates include:

Vaccinated in the UK

Digital NHS COVID Pass via the NHS App (not the NHS COVID-19 contact tracing app)

NHS COVID Pass PDF or Letter via the NHS app, NHS.UK or call 119

The NHS vaccination record card cannot be accepted

Vaccinated in the United States

CDC

An original, physical US CDC vaccine record card (sorry, no photocopies or scans) **or the US state-issued digital vaccine certificates for New York, California and Washington**

Vaccinated in the European Union

EU Digital COVID Certificate (EUDCC)

The final dose must have been at least 14 days prior to travel

UK-approved vaccines are:
• Oxford/AstraZeneca (including Covishield)
• Pfizer BioNTech
• Moderna
• Janssen
• Covaxin
• Sinovac-CoronaVac
• Sinopharm Beijing
• Novavax (Nuvaxovid and Covovax)

Fill in your UK Passenger Locator Form (PLF) available via GOV.UK within 48 hours of departure, and before you travel to the airport

No testing needed for fully vaccinated UK arrivals or under 18s[1]

*If arriving from a Red List country different rules apply. Check the latest Red List on GOV.UK.

Over 160 countries' vaccination programmes are now recognised by the UK Government for entry to England.

You'll need to show an original document (digital or paper-based) from a national or state-level public health body that shows you're fully vaccinated.

It must include:
• **your forename and surname(s)**
• **your date of birth**
• **vaccine brand and manufacturer**
• **date of vaccination for every dose**
• **country or territory of vaccination and/or certificate issuer**

Example vaccination certificates (digital and/or paper-only solutions)

Antigua and Barbuda Vaccination Card	**Jamaica** Certificate of COVID-19 Vaccination
Barbados Ministry of Health and Wellness COVID-19 Vaccination Certificate	**Nigeria** COVID-19 vaccination e-certificate
The Bahamas Ministry of Health Certificate of COVID-19 Vaccination or VAX Pass	**Pakistan** PAK COVID-19 Vaccination Pass (via NIMS)
