On Diamond and Ruby Decks, there are 15 m² large 2-bed cabins, which have a French balcony.
On Emerald Deck, the 2-bed cabins have windows that cannot be opened.

All cabins are equipped with flat screen TV, including a minibar, Nespresso® machine, beauty products from RITUALS®, hairdryer, safe, air conditioning, shower and toilet and leaves nothing to be desired.

The architecture is new, which is not only shown in the open area of the lounge and restaurant, but also creates space for a third restaurant: the specialty restaurant MOMENTS, which is also included in the VIVA all-inclusive.
